# INDEX TO REAL ESTATE RECORD.

VOL. XXX.

JULY—DECEMBER.

1882.

This Index of the Conveyances and New Buildings for New York and Kings County will be found very valuable by those of our readers who have preserved the copies of THE RECORD issued from July to December, inclusive, as it gives the pages on which the memorandum of all transfers of property during the period mentioned above may be found, and this in a more perfect manner than ever before—the streets and avenues being subdivided so that very few references need be made—for instance, transfers of property on Allen street appear in six numbers during the six months, but in the Index it is subdivided into three parts, so that you may find any transfer by referring to but two pages, provided you know between what streets the property is located. This is also true of the Projected Buildings, which are indexed in like manner, enabling all to readily ascertain on what streets improvements have been made. The surest way to keep your numbers together is to get a suitable binder which may be had at THE RECORD AND GUIDE office, 191 Broadway, corner of Dey street, price one dollar.
