Vol. XXXI.

JANUARY——JUNE.

1883.

The following Index of the Conveyances and New Buildings for New York City and Kings County, as published in the REAL ESTATE RE-CORD during the first six months of 1883, will be found of great utility and value by those of our readers who have preserved all the copies of this paper during that period. Great care has been observed to keep the Index up to the same perfect standard as in the past. The pages are given on which all transfers of realty can immediately be found, and the streets and avenues are sub divided so that very few references are required; for instance, transfers of property on Allen street appear in eight numbers during the six months, which in the Index are sub-divided into three parts of the street, so that the least possible trouble need be incurred, a transfer being found by referring to but two or three pages, provided it is known between what streets the property is located. The Projected Buildings are indexed in a similar manner, enabling all to readily ascertain on what streets improvements have been made. Those desirous of keeping a permanent file for reference should see that all the numbers are complete, and have them bound. A suitable binder can be had at the office of the RECORD AND Guide, 191 Broadway, corner of Dey street, price one dollar.
