INDEX TO THE RECORD AND GUIDE.

VOL. XXXVII.

JANUARY—JUNE.

1886.

The following semi-annual Index of the Conveyances and Projected Buildings in New York and Kings Counties, as published in THE RECORD AND GUIDE during the first six months of 1886, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. The utmost care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transfers of realty published in Volume XXXVII. can immediately be found, and the streets and avenues are so sub-divided that very few references are required. For instance, transfers of property on Bleecker street appear in seventeen issues during the six months, which in the Index is sub-divided into seven parts, so that the least possible trouble need be incurred, any transfer being found by referring to but three pages, provided it is known between what streets or avenues the property is located. The Projected Buildings are indexed in a similar manner, so that it can be readily ascertained on what streets improvements have been made. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. A suitable binder can be obtained at the office of THE RECORD AND GUIDE, 191 Broadway, corner Dey street, price one dollar.

CONVEYANCES.

NOTE—The figures in extra black type—for instance, 613, under the head of Allen, north of Stanton street—denote that the transaction on the page given is leasehold, or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter, without referring to the page mentioned.
