# INDEX TO THE RECORD AND GUIDE.

XLI.

JANUARY—JUNE, 1888.

PRICE 50 CENTS.

The following semi-annual Index of the Conveyances and Projected Buildings in New York and Kings Counties, as published in THE RECORD AND GUIDE during the first six months of 1888, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. As usual, great care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transactions published in Volume XLI, can immediately be found, and the streets and avenues so sub-divided that very few references are required. For instance, transfers of property on Broadway appears in twenty-seven issues during the six months, which in the Index is sub-divided into twenty-three parts, so that the least possible trouble need be incurred, any transfer being aided by referring to five pages at the most, and it is known between what streets or avenues the property is located. The Projected Buildings are indexed in a similar manner, so that they can be readily ascertained on what streets or avenues they have been made. Those wishing to keep a file for permanent reference should see all the numbers are complete and have them bound. A suitable binder can be obtained at the office of THE RECORD AND GUIDE, 191 Broadway, near Dey street, price one dollar.

## CONVEYANCES.

The figures in extra black type—for instance, 403, under the head of Ann, from William to Nassau street—denote that the transaction on the page given is leasehold, or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers a fee can at once distinguish between former and the latter, without referring to page mentioned.
