Index to Record and Guide Vol. LV.

For New York Conveyances, Projected Buildings and Advertisers.

NOS. 1399 TO 1424.

JANUARY—JUNE, INCLUSIVE.

1895.

The following is the semi-annual Index of Volume LV. of THE RECORD AND GUIDE, containing complete lists of the Conveyances and Buildings Projected in New York City during the first six months of 1895. With this issue of the Index the plan has been adopted of indexing all street and avenue frontages, thus simplifying the whole and rendering it more satisfactory for reference. In many instances there will be found streets, etc., indexed under pages which, on being examined, show at once that they are not in their proper order according to our customary

alphabetical and numerical arrangement. A further examination will disclose the fact that while the properties appear more prominently under other street descriptions, they nevertheless extend to the streets, etc., indicated by the Index and having a frontage on same have been included in the paging. Again, it occasionally occurs that one deed will describe property conveyed in fee and also property under lease. As each has been indexed with or without parenthesis as required by its description it will be found at times that a parcel is not in its proper alpha-

betical or numerical position and it will necessitate a somewhat more thorough search than usual to locate it. The Projected Buildings are indexed in a similar manner to the plan followed with the Conveyances so that it can readily be ascertained on what streets improvements have been made. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. Cost of binding, \$2.00 per volume. A suitable temporary binder, holding one volume, can be obtained at the office, 14 and 16 Vesey street; price, one dollar.

CONVEYANCES.

NOTE.—The figures in parenthesis—for instance, page (512) under the head of Allen street, from Rivington to Stanton street—denote that the transaction on the page given is Leasehold, an assignment of lease or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the pages mentioned.

DYCKERHOFF PORTLAND CEMENT

Is superior to any other Portland Cement made. It is very finely ground, always uniform and reliable, and of such extraordinary strength that it will permit the addition of 25 per cent more sand, etc., than any other well-known Portland Cement, and produce the most durable work. It is unalterable in volume and not liable to crack. The foundations of many of the most important buildings recently erected in this city were constructed of the Dyckerhoff Portland Cement, such as the Statue of Liberty, Equitable Life, New York Times, New York World, Puck, Judge, Metropolitan Opera House, Metropolitan Telephone, U. S. Army, U. S. Trust Co., Union Trust Co., Farmers' Loan and Trust Co., Washington Memorial Arch, Brooklyn Soldiers' and Sailors' Memorial Arch, Postal Telegraph Co., Grant Monument, Riverside Park, and others.
