# Index to Record and Guide Vol. LVII.

For New York Conveyances, Leases, Mortgages, Projected Buildings and Advertisers.

NOS. 1451 TO 1476.

1896.

## PREFACE.

The following is the semi-annual Index of Volume LVII. of the "Record and Guide," containing complete lists of the Conveyances, Leases, Mortgages and Buildings Projected in New York City during the first six months of 1896. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. Cost of binding, \$2.00 per volume. A suitable temporary binder, holding one volume, can be obtained at the office, 14 and 16 Vesey street; price, one dollar.

## THE KEY.

10 indicates a Conveyance will be found on page 10; K 15, a Mortgage on page 15 under the letter K, and (490) means that a Lease against the same block will be found on page 490.

## CONVEYANCES.

In many instances there will be found streets, etc., indexed under pages which, when examined, show at once that they are not in their proper order according to our customary alphabetical and numerical arrangement. A further examination will disclose the fact that while the properties appear more prominently under other street descriptions, they nevertheless extend to the streets, etc., indicated by the Index and having a frontage on same have been included in the paging. Again, it occasionally occurs that one deed will describe property conveyed in fee and also property under lease. As each has been indexed with or without parenthesis as required by its description it will be found at times that a parcel is not in its proper alphabetical or numerical position and it will necessitate a somewhat more thorough search than usual to locate it. The Leases, Mortgages and Projected Buildings are indexed in a similar manner to the plan followed with the Conveyances.

## LEASES.

Note.—The figures in parenthesis—for instance, page (490) under the head of Allen

street, from Canal to Hester (490)—denote that the transaction on the page given is Leasehold, an assignment of lease or a lease running for a short or long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the pages mentioned.

## MORTGAGES.

All the mortgages are indexed against the street or avenue in which the property is located, and memoranda added to enable searchers to find the particulars in "The Record and Guide." For example, Abingdon square appears followed by C 797. This means that a mortgage against property on Abingdon square appears on page 797 and "C" is the initial letter of the mortgagor or borrower. The streets and avenues are so sub-divided that very few references are necessary. All readers of the "Record and Guide" are aware that the mortgages appear weekly in alphabetical order, so that they have, so to speak, a weekly index of mortgagors. This publication of an index against property completes the information which those interested may require.
