OF INTEREST TO THE BUILDING TRADES.

The estimates received on July 17 by the Department of Correction were all too high. The plans are now being revised and new bids will be called for in about two weeks. The following was the work estimated on: For erecting and completing the Administration Building, at the penitentiary, Blackwell's Island; for plumbing for the same building; also, for installation of new steam heating, passenger elevator and electric lighting in the penitentiary block; and for making alterations to windows and other exterior portions of the penitentiary; Horgan & Slattery, No. 1 Madison av, architects.

The New York Stock Exchange will begin the rebuilding of their building about May, 1901. They have leased from the New York Produce Exchange part of the main floor in their building. The Stock Exchange now has a plot fronting about 140 feet on Broad-st, and running through to New st, where it fronts 150 feet; on Wall st they have a small entrance of about 15 feet. George B. Post, No. 33 East 17th st, is the architect for the new building. The arrangements for the erection of the new building are in the hands of the following building committee: R. H. Thomas, J. T. Atterbury, J. S. Stout, Rudolph Keppler, R. P. Doremus, E. Groesbeck and H. G. S. Noble.

Owing to the high prices of materials a large number of iron firms are complaining of scarcity of orders—the investing public waiting for lower prices—but the Central Iron Works, since their removal to their new factory, Nos. 420-422 East 48th st, are more than satisfied with the year's business, both in their structural and ornamental departments. We mention a few of their many contracts: No. 84 William st, 3d av and 14th st, Nos. 8-10 Dutch st, No. 238 Madison av, No. 433 East 23d st, No. 66 West 48th st. In their ornamental department they are engaged with work for

John Wanamaker; are supplying the light work in 12-sty building, 4th av and 19th st; a conservatory for Mr. Heinsheimer, No. 17 W. 70th st; railing in front of Mrs. Buchanan's house, No. 22 E. 63d st; railing around Collegiate Reformed Church, West End av and 77th st; railing around Mr. Seaich's residence, 80th st and Riverside Drive; entrance and driveway gates at Wm. Wicke's Silk Mill, at Glendale, L. I.

The H. B. Clafin Co., of New York City, have just had completed the largest stretch of metal ceilings which has probably ever been put up by any concern in the country. This immense stretch of unbroken metal ceiling, running from Church st to West Broadway, and the full width of the buildings on both the main and first floors, has been furnished and put up in an incredibly short space of time by The New York Metal Ceiling Co., of Nos. 537 to 541 West 24th st, New York. They can certainly point with pride to this piece of their handiwork, and feel secure in the faith that there is nothing in the metal ceiling or side wall work that they may not aspire to. This concern has also branched out into the stucco ceiling domain, and are now doing that beautiful piece of ceiling decoration to be seen on the main floor of "The Aulic," Broadway and 35th st. This ceiling is what they call their "Combination," being composed of stucco and metal work, and is considered by experts as one of the most artistic ceilings which has ever been put up in the metropolis. An example of an all stucco ceiling may be seen at No. 493 Broadway. This work has been admired by connoisseurs of the all-stucco work, and pronounced the finest example of the art to be seen in the city.

THE NEW RAPID TRANSIT ROUTE.

The interest taken in the new underground rapid transit route shows clearer than anything else how closely the future value of millions of dollars' worth of real estate is connected with this long-deferred enterprise.

So great was the demand for the rapid transit maps issued last week by the Record and Guide that the entire edition was exhausted.

A new edition is now ready for delivery; price, 10 cents postage extra, 2 cents. The map has also been printed on bound paper. Price, 25 cents; postage extra, 2 cents.

Every real estate broker and all who are interested in real estate should possess this map. It gives the route of the new rapid transit lines, the location of all stations, sections of the road, etc. Will be needed for constant reference. Order at once.

"The Records in their Final Form"

This is the way a subscriber describes the new "Record and Guide Quarterly," just published Others say:

"Just the thing we have wanted."

"It gives us the records at a glance."

" . . . will save us a great deal of work preparing office records of real estate transactions."

"The idea of annotating the deeds, mortgages, etc., is excellent."

"It enables a new comer into the real estate field not only to follow current transactions but to connect them with past sales and other transactions."

" . . . forms a record and a history."

"We wonder why such a publication was not issued long ago. It supplements the old reliable Record and Guide."

"With your new publication every broker can possess a splendid record of real estate transactions for \$5 a year. Immense. Thanks."

"When you present all records published in three quarterly volumes with those of the final quarter in one yearly volume, we will have the handiest system of records possible. No real estate man can do without it."

You will endorse or add to these opinions as soon as you have seen the new Record and Guide Quarterly. It contains the real estate records, alphabetically and numerically arranged, annotated and connected one with another for each three months. Each fourth issue will contain ALL the records for the year. The information given cannot be obtained elsewhere. Indispensable to all who have any dealings with real estate.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

When the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage is drawn, the second the date of filing; when both dates are the same, only one is given.

Subscribers will find Mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.

July 20, 21, 23, 24, 25 and 26.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as head lines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The Courts on the Right to Labor.—The right of an employer to discharge an employe without being criminally liable for so doing has just been asserted, says the New York Evening Post, in a vigorous opinion by Judge Waterman, of the Cook County (Ill.) Criminal Court. An employer had been indicted under a section of the criminal code which assumed to make it a criminal offence, punishable by fine and imprisonment, for an employer to prevent an employe from joining a "lawful labor organization" or to discharge him "because" of his connection with such an organization. In quashing the indictment the judge said: "Liberty includes the right to make, to enforce, and to terminate contracts, subject only to such civil obligations as may ensue from such making and such termination. Liberty includes not only the right to labor, but to refuse to labor; and consequently the right to contract to labor and to terminate such contract—in other words, to break it." It followed, the judge said, that "the right to hire labor and the right of the laborer to work and to agree so to do, the right to discharge and the right to abandon service, are all essential parts of the property right of contract, and protected by the constitution. Nor can these rights be destroyed or impaired by legislation pronouncing criminal a discharge or refusal to work for what is legislatively declared to be an unlawful or unworthy motive." And Judge Waterman added this as to freedom: "One of the essentials of freedom is the right to have opinions not in harmony with those of the public authorities or of the majority. The major portion, if not all of the prejudices of mankind, are foolish; nevertheless, free men are entitled to hold prejudices. The constitutional guaranty to every person of the right to freely speak, write, and publish on all subjects, necessarily involves the right to have opinions on all subjects, however much they may be condemned either by the legislature or the public. Every citizen has a constitutional right to believe the Presbyterian, the Catholic, the Unitarian, the Mormon Church, or the journeymen plumbers' labor organization to be prejudicial to good morals and harmful to society; so believing, he has a right to attempt to prevent the tutor of his children joining such society, and to discharge such teacher if he persist in uniting." So much boycotting, picketing, wrangling, and fighting is now going on over the rights of free men to work at their trades in this land of free institutions that the language of Mr. Justice Bradley, of the United States Supreme Court, in the celebrated slaughterhouse cases (16 Wall., 36), might well be spread broadcast for general reading. He said: "The Declaration of Independence, which was the first political act of the American people in their independent sovereign capacity, lays the foundation of our national existence upon this proposi-
